

NUTRITIONIST ENTREPRENEURSHIP PROGRAM

www.myNEP.org

PROSPECTUS 2020-21

Join the Nutripreneur Revolution!

FOREWORD

Dear Nutritionists and Dietitians,

Slightly over four years ago, when we meticulously designed and executed our first NEP cycle, we knew only two things:

One - we want to empower the Nutritionist community

Two - inspiration isn't enough, we want to transform!

Sure enough, with intent in our heart and purpose in our mind - we manifested a lot in 4 years.

14 cycles, 98 fellows, 32 cities, 6 countries and 3000+ students and graduates inspired through our entrepreneurship workshops and webinars, and we are not done yet!

Our greatest source of inspiration is to see our community succeed and reach great heights - and sure they have made us proud! Are you ready to be one of them?

Being able to wake up in the morning to a job which allows you to touch lives and witness positive changes is an inexplicable joy of a different kind!

Thank you for allowing us to do this.

Health and hugs,

Dt. Tehzeeb and Dr. Vishal

Program Directors, NEP

Dt. Tehzeeb Lalani

Founder, Scale Beyond Scale

Dr. Vishal Marwah

Founder, Vishwas

ABOUT NEP

NEP is a social enterprise founded with the aim to empower Dietitians and Nutritionists via experiential programs, workshops and symposia. Our goal is to provide the community with the skills, resources and tools to build, sustain and grow their nutrition practice.

NEP is for you if you are...

- ✓ A fresh nutrition graduate looking to start your own practice
- ✓ An established nutritionist/dietician looking to grow your practice and need help along the way
- ✓ Someone who values work-life balance and are searching for creative ways to generate revenue while working from home
- ✓ Tired of your routine, mundane job and would like to try something innovative in the healthcare space

BENEFITS of NEP

- ✓ Ample support, guidance and hand-holding from industry experts and mentors
- ✓ Step-by-step guide on how to expand and grow your health and nutrition practice
- ✓ Tailor-made and actionable strategies on generating revenue without working a full-time job
- ✓ Work-life balance
- ✓ Your own personal brand

Program Director

Dr. Vishal Marwah

Physician Leader and
Founder, Vishwas

Dr. Vishal Marwah is the Founder and Physician Leader at VISHWAS, a social enterprise committed to promote health and well-being in communities, worksites and schools. Over the past few years, Dr. Vishal has been a family physician, wellness coach, researcher, motivational speaker, author, and yoga teacher. Prior to VISHWAS, Dr. Vishal was responsible for coordinating the efforts of the Global Cardiovascular Disease Programs at the Mount Sinai School of Medicine in New York.

He holds the honorary position of the Regional Chair (India) for the International Association of Worksite Health Promotion. He has also authored a book chapter on India, in an international publication – ‘Global Perspectives in Workplace Health Promotion’. His efforts have been recognized at the international level, and the VISHWAS model of Physician Leadership has been awarded the ‘Grand Challenges Canada – Rising Stars in Global Health’ grant award. He is also leading the Mumbai Chapter of the Start-up Leadership Program, and is the Lead Evangelist for the TiE Health Entrepreneurs network.

"An entrepreneur is someone who jumps from a plane without a parachute, and figures out how to build one on the way down."

- Matt Salzberg
(CEO, Blue Apron)

Program Director

Tehzeeb Lalani

Founder, Scale Beyond Scale

Tehzeeb is a young and dynamic entrepreneur with a degree in Clinical Nutrition and Food Studies from New York University. She is the sole proprietor of a health and nutrition consultancy service called Scale Beyond Scale (SBS) where evidently enough, she helps her clients look beyond the weighing scale and guides them through a host of health woes - from diabetes to heart disease and everything in between. She contributes as a guest author for magazines such as Home and Happiness, The Active Times, Health Me Up, Diabetes Health, HealthBiz and B Positive.

She has also made appearances on Zee Business, Care World TV and done brief stints for All India Radio and The Economic Times. When not working, speaking, writing or studying the latest health trends, she travels, does yoga, studies and speaks fluent French, rants about the benefits of awakening at 5:00 am and partakes in simple home cooking experiments and plays hide-and-go-seek with her 1 and 3 year old nephews (accepting all suggestions for other playtime ideas).

"The best way to find yourself is by losing yourself in the service of others"

- Mahatma Gandhi

Program Manager

Jaini Shah

Founder, Food Architect

Jaini has always found an interest in cooking for her family and her friends, and more recently – in the role that choosing the right kind of foods (and balancing it with a healthy lifestyle) plays in everyone's lives. This, in turn, influenced her decision to study a Masters in Food science and nutrition, which gave her the confidence to put this knowledge to practical use - both in her personal life and in enriching the lives of others.

Her goal and purpose of life are to inspire and guide individuals to a life of nourishment and healthy living, which gave rise to her own setup, Food Architect - Designing health and lifestyle.

Eagerness to learn new skills to complement the nutritional expertise led her to join NEP first as a fellow and eventually as a Program Manager (she felt so connected to the team and the purpose that she wanted to associate herself with NEP long-term). She loves witnessing fellow Nutritionists/Dietitians transform! It gives her a reason to show up to work each day and makes her love her role in the organization.

*"The purpose of human life is to serve,
to show compassion and
the will to help others."*

- Albert Schweitzer

Technology Mentor

Sweta Pillai

BE (IT), MBA (Finance)

An IT engineer and a Project Management consultant by profession, Sweta brings to NEP her vast experience in applying IT skills to business. Over the past 12 years, she has trained over 10,000+ people and has worked with customers like Maruti Suzuki, Adani Group and Pearson Education.

Sweta is also an avid Yoga practitioner, loves to travel, dance and cook healthy meals. She attributes her focus and creativity to the practice of Vipassana Meditation. As a Technology Mentor at NEP, she will be guiding the participants through their transformational journey.

"The mind is everything. What you think, you become."

- Gautam Buddha

Design Mentor

Vishwajit Shivdavkar

Founder,
The Green Kaleidoscope

*"Strive not to be a success, but
rather to be of value"*
- Albert Einstein

Vishwajit is the Design Mentor at NEP and his role is to infuse within NEP fellows and pass onto them his love for design. He trains them in cultivating a design acumen and reviews their website, logo, business card, brochures etc. with a fine sieve and some deep and profound insights.

He is an aspiring engineer, social media marketer, and also the Founder of a start-up called the Green Kaleidoscope - an organisation working towards rehabilitating natural green patches across housing societies, government and private properties. He enjoys trekking, playing badminton, sprinting, binge-watching Netflix and more importantly - cooking and trying exotic cuisines. He also loves participating in social events and workshops on entrepreneurship.

When asked to give a one-sentence summary of his work, he says: "I design websites and presentations for some of the smartest and most talented out there." Vishwajit's life goals keep evolving every few months, "just like an android/iOS update" he claims. However, what has stayed consistent through the evolving epiphanies is his love and passion to make the world a better place with his positive actions!

The most powerful program that transforms
Nutritionists into Nutripreneurs!

NEP 6 Weeks Flagship Program

January 2021 cycle

4 joyous years of empowering Nutripreneurs!

JOIN THE NUTRIPRENEUR REVOLUTION

98 FELLOWS | 32 CITIES | 6 COUNTRIES

| | Mar 20 - Mar 27 | Final Presentations |

- Weekly live group video sessions (60 - 120 min) will be conducted once a week through the duration of the program
- The exact schedule of the group sessions will be decided after the batch is locked
- The preference of the fellows will be taken in to consideration
- Historically, the live sessions have taken place on weekdays, 7:30 am to 9:30 am (but this is subject to change).
- Assignments will need to be submitted as per the schedule

ADMISSION PROCESS

STEP 1

Apply online on
www.mynep.org/application

STEP 2

Online NEP
Entrance test

STEP 3

Preliminary Interview

STEP 4

Final Interview

STEP 5

Acceptance
and Payment of Fees

ADMISSION

Detailed process

STEP 1: Apply online on www.mynep.org

- The application is fairly simple and will take only 5 minutes. You will need to upload your resumé.
- After submitting your application, you will receive an automated confirmation email from us.
- You will hear from us within 3 days. If you have cleared the preliminary screening, you will move onto STEP 2.
- The email sent to you will have a scheduling link for the online entrance exam. You are required to schedule the online test within 3 days of receiving the email.

STEP 2: Online NEP Entrance test

- This online test is to assess your basic nutrition and dietetics knowledge and your entrepreneurship potential.
- There will be a non-refundable exam fee of Rs 500 which would have to be paid online. You will need a credit card/net-banking details to make the payment.
- A minimum passing score of 50% is required to be eligible for STEP 3.
- Your objective score will be shared with you immediately after the exam.
- Your essay scores will be shared with you within 48 hours of completion of the exam.
- If you clear this step, you will receive an email with details about Step 3 which will be an in-person or a telephonic interview.

STEP 3: Preliminary interview

- This will be a telephonic interview conducted by Tehzeeb, one of the Program Directors.
- The interview will last approximately 20-30 minutes. You will be assessed on the following 5 criteria -
 - i) Nutrition knowledge
 - ii) Leadership potential
 - iii) Entrepreneurship potential
 - iv) Creativity
 - v) Passion
- You will be informed about the decision of the interview within 72 hours.
- If selected, you will receive an email with details about scheduling the final stage interview.

STEP 4: Final interview

- This will be a telephonic interview conducted by Dr. Vishal Marwah - one of the Program Directors.
- The interview will last approximately 20-30 minutes.
- You will be assessed on your entrepreneurship and leadership potential, your attitude towards nutrition science, and community service.

STEP 5: Final Decision

Each applicant will receive a final decision from us within one week after completion of the final interview stage. There could be one of the following four outcomes.

ACCEPTED (A): Acceptance to the program and securing your spot

- You will be informed about the decision within 48 hours of completion of the final interview.
- You will be informed by email about the decision. You are requested to not call the office incessantly to enquire about the results.
- If you are accepted to the program, you will be required to pay an INR 5000 deposit within 3 business days to secure your admission. Failing to do this will cause you to lose your admission.
- You will be given a due date by which you will be required to make the remainder payment. Programs fees are to be paid in full two weeks prior to program commencement.

WAIT-LISTED (W): Wait-listed for acceptance to the program

- We are trying to keep our batch size small and compact so that we don't compromise on the quality we deliver to each fellow. Because of this, we sometimes find ourselves in a situation where even though we may love your profile and think you would be a great fit for NEP, we would have to put your application on 'Wait-list.'
- If and when we incur dropouts, your application will move up the wait-list and onto the list of accepted applicants.

CONDITIONAL ACCEPTANCE (C): Conditional acceptance into the program

- In some instances, you may receive a conditional acceptance letter - contingent on your ability to provide a document (Degree in Science/Nutrition for instance) or other evidence as required by NEP

REJECTED (R): Non-acceptance into the program

Your application may be rejected if:

- You do not hold a minimum Bachelors degree in Nutrition/Dietetics/Food Science.
- You have provided wrong and inaccurate information on your application.
- You have provided false certifications, credentials and qualifications on your application.
- You have been found to be involved in unethical, unscrupulous or fraudulent practices.
- You lack an entrepreneurial spirit.

In case of rejection, you are encouraged to schedule a call with the Program Directors to understand how to strengthen your applicant profile for a future cycle. In some instances, you may not be eligible to apply to a future cycle. In said instances, you will be notified via email.

TERMS & CONDITIONS

- The NEP flagship program is for qualified Nutritionists and Dietitians with bonafide degrees irrespective of their country of origin.
- NEP is a professional organisation for a competent few. We maintain high selection standards for our flagship program and once selected, we expect that you demonstrate professionalism in all your conduct towards the program mentors and your co-fellows.
- Program fees are set in advance and are non-negotiable. Please refrain from asking for discounts. We do offer need-based scholarships to deserving candidates.
- If you need to reschedule or cancel your telephonic interview, unless there is an emergency, you are required to give the NEP team a 24-48 hour notice. Unprofessional and erratic behaviour may hamper your chances of getting selected.
- You will have 3 weeks from the date of selection to confirm your participation in the program. NEP reserves the right to withdraw your offer or defer your application to the next cycle of entry in case of delays and an inability to confirm in the stipulated time period.
- If you have an emergency and are unable to join the program post your formal acceptance, you are expected to let the NEP team know at your earliest best. We have candidates on our wait-list whom we would need to move up the list in case of dropouts. Lack of coherent communication and a disappearing act will hamper your chances of acceptance into a future cycle.
- You may be required to provide satisfactory evidence of your qualifications (Degree in Science/Nutrition if required) before admission. Failure to provide such evidence to the satisfaction or providing wrong and inaccurate information and false certifications, credentials and qualifications will result in the termination of your offer and the revocation of your registration.
- In order to secure a place in the program, you will be required to pay a deposit of 5000 INR (USD \$100). If a deposit is required, you will be advised, following receipt of your application, by an email message issued by the Program Director or in your offer letter. If you do not pay the deposit monies in accordance with the payment terms advised in your offer letter, your application shall be withdrawn without further notice. Any deposit you pay will be offset against the balance of fees owed to the program.

Other Programs and Activities

NEP Freedom Webinars (Season 1 and 2)

A webinar once every month on various topics spanning the entire spectrum of a Nutripreneur's life - from motivational counselling to video shooting and everything in between.

NEP LIT30 - Learn IT skills in 30 days

Learn IT skills in 30 days ranging from website creation, generating website traffic, making a YouTube channel and everything in between. These tangible skills will help take your nutrition practice to the next level.

Public Speaking Masterclasses

An immersive and specialised class to shake the stage fright out of you. Experiential learning tactics (improv speaking, elevator pitches, debates) will be used to cultivate and polish our skills.

Content Writing Masterclass

An immersive and specialised class on tapping into your inner writer and editor (even if you have a fear or a disdain for both). Experiential learning tactics (writing rooms, pair-and-share, creating draft copy for relevant scenarios) will be used to cultivate and polish our skills.

Annual summit + eNlight

An annual event where ideas meet and magic happens! Network with fellow Nutripreneurs and engage with industry stalwarts on intellectual discourse around the latest trends in the health, nutrition, dietetics and wellness world.

Workshops and Symposiums

Give your students an opportunity to learn all about the exciting world of Nutripreneurship. Listen in as our founders share candid stories about their individual entrepreneurship journeys, from the highest highs to the lowest lows and all of the lessons they've accumulated. Experiential modules (simulations, group presentations) may be included upon request too.

To check out our detailed schedule of events visit - www.mynep.org/calendar
